

FOCAL POINTS

GLOBAL MISSIONS VICTORY REPORTS FROM AROUND THE WORLD

JULY 2024

PAPUA NEW GUINEA / GUATEMALA / FIJI AND THE SOLOMON ISLANDS

PAPUA NEW GUINEA

RICHARD AND ANDREA CARVER

Bathsheba is from the small island of Buka, on the far corner of PNG. She left her husband and two small children (youngest three years old), for two years absence, to come to the mainland for Bible school. Bathsheba has now gone back to her island, where she did her own fund-raising and has built her own church building. She is now pastoring two churches. Six souls were baptized in Jesus' name in an outreach at Alotau, Milne Bay Province, one of our Unreached People Groups.

GUATEMALA

LYNNE JEWETT

We celebrated thirty-four Honduras Bible school graduates from around the country. Sis. Oneyda rode a horse or donkey each month for seven hours each way just to attend her classes. She did this for SIX years straight. What faithfulness and dedication!

FIJI AND SOLOMON ISLANDS

TROY AND JENNETTE WICKETT

Over 200 youth from the four districts of Fiji gathered together, laying aside their comfort for four days while they camped in classrooms at a school. God moved in a mighty way as His power was poured out filling souls with His Spirit and healing. Five were baptized in the wonderful name of Jesus! Rejoicing over what God did at the Solomon Islands National Ladies Conference. Eighteen were filled with the Holy Ghost and six were baptized in Jesus' name!

MONTHLY PROJECT HIGHLIGHTS

CAMEROON

Help is needed to complete the roof of our church in Boltamba, Cameroon. The total needed is **\$5,000** to complete this project.

PROJECT #: GMGP. 1050.2107

MALAWI

In early 2023 during the destructive force of Cyclone Freddie, thirty-seven churches were completely or partially destroyed by flooding and cyclone force winds. Most of those buildings were in remote areas and were swept away leaving only the foundation. Thankfully funds have been provided by the Illinois District to rebuild almost half of those churches. There is still an urgent need to rebuild the remaining buildings at an average cost of **\$5,000** per building.

PROJECT #: GMGP. 1160.210
