GLOBAL MISSIONS VICTORY REPORTS FROM AROUND THE WORLD

God delivered a woman who was involved in witchcraft. It was a battle as she vomited a large black, ugly insect. This was captured on video. Through the Jesus' name prayer of Pastor Hover and the brethren, she was set free. She is in the center, in her right mind, and totally transformed by Jesus Christ. Pastor Hover and his wife are at her side.

We also have an incredible TESTIMONY. God has miraculously provided for the purchase of a property in the neighborhood of Brasilândia in the northern zone of the city of São Paulo! In just a couple of years, a metro stop will be constructed just a 10-minute walk away. We know God has big plans for this area. The next step after the finalization of this purchase is to begin construction. We will once again need miraculous provision. If you would like to invest in the revival in São Paulo please contact us! God bless!

Bro. Eleis was left with a group of people after his pastor sold the church and left the country. He was of another doctrine. We met his uncle at Pastor Mark Hattabaugh's church in Cooper City, Florida, as we attended our annual Regional Leadership Meeting (RELCO). We then met Bro. Eleis. He was baptized and began to preach that it was necessary to be baptized in Jesus' name. In one and half years, forty-one people have been baptized in Jesus' name in his town and two other towns. In December, Bro. Eleis received the baptism of the Holy Ghost! We thank Sandston Outreach Church and Pastor Joe Markovich of Sandston, Virginia, for the recent purchase of a house for the congregation to gather and worship. God is doing the miraculous!

MONTHLY PROJECT HIGHLIGHTS

CHURCH BUILDING IN KAMPAR, PERAK

PROJECT #: GMPD.5070.2107

This is an ambitious project undertaken by one of the Pastors about two (2) years ago. This building is situated in a native land given to the church by the native family. Since they started the project, they have completed the foundation. They do not have sufficient funds to engage a qualified contractor. However, if they receive sufficient funds, the building can be built much quicker. Once the building is completed, it can serve as a church and campground for the villages in the area. Any amount between \$10,000 to \$20,000 would be a big help for the completion of this church.

MALAWI

PROJECT #: GMPD.1160.2107

During the destructive force of Cyclone Freddy, we lost 37 churches to the flooding and cyclone force winds. Most of those buildings were in remote areas and were swept away leaving only the foundation. There is an urgent need to rebuild those buildings at an average cost of \$5,000 per building.
