The UK

New Life Church in Glasgow has just celebrated a year long prayer chain and we are continuing with this into next year. We have seen many miracles of healing, family restoration and financial testimonies throughout the church. God has been opening doors of expansion in Glasgow as we have been recently introduced to a Romanian group that believe the oneness and the new birth message. With their group, they have over 400 hundred people attending. Please pray for wisdom as they have asked us to be an overseer of the work. God truly is sending revival to Scotland!

terribly. During the altar call we prayed for her and others. She stood to her feet, worshiped God and made her way to the platform to lead with the worship team! Another lady was sitting toward the back. The whole time I preached her head was down; she looked hopeless. Somewhere during the message God touched her heart and she decided to be baptized in the name of Jesus. When she came out of the water, they had to grab her arms to keep her from coming out of the baptistery because she was speaking in tongues, worshiping God, and splashing water out of the baptistery. The kingdom of God came close!

Bangladesh

We were blessed to host AYC-Bangladesh 2022 and a powerful Youth Camp in Savar, Bangladesh. The Holy Ghost moved in a mighty way and 136 young people received the gift of the Holy Ghost! In a sixty-two day span, from August 25-October 15, 2022, the United Pentecostal Church of Bangladesh has seen 17,500+ filled with the Holy Ghost, 6,900+ healed in Jesus' name in crusades in North Bengal and also Khulna, Bangladesh. To God be all of the glory and honor in Jesus' name! Thank you for your partnership with the work of the Lord in Bangladesh and Asia! Please continue to remember us in your prayers as we continue to move forward in the mighty harvest of the Lord in Jesus' name.

I remember seeing a lady sitting on the front row during worship service recently who, while others praised God, all she could do was sit and cough. I later found out she had stage four cancer and was suffering
